

COA07365-4RY

Yield and Grade of COA07365-4RY

Misc. Characteristics of COA07365-4RY

Additional Observations on COA07365-4RY

- Compared to Chieftain:
 - Similar to slightly shorter dormancy
 - Similar skin set at harvest
 - Similar to Vert. Wilt/Early Die
 - Better tolerance to tuber Rhizoc
 - Better skin color out of storage
 - Similar to slightly lower culinary quality
 - Has shown some tendency to exhibit dulling of skin out of long-term storage
